### DETAILED ACTION

1. Applicant's arguments, see page 10, line 9 through page 10, last line and page 11, line 13 through page 13, line 10, filed 28 April 2004, with respect to claims 10-16 and 20 have been fully considered and are persuasive. The rejections of claims 10-16 and 20 have been withdrawn.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 17-19 and 21-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 17, line 1, recites a "method".

However, claim 17 depends from claim 15, which is an apparatus claim. Claim 17 is a redundant recitation of claim 16, lines 17-21. Line 1 of claims 18 and 19 recite a "gas assist mold dump valve". However, claims 18 and 19 depend from claim 17, which recites a "method". The recitation of "a check valve" in claim 18 is a double inclusion of the "check valve" recited in claim 17, lines 1-2 and claim 16, line 17. The recitation of "a valve head and an internal spring" in claim 19, line 2 are a double inclusion of the "valve head and internal spring" recited in claim 18, line 3. Claim 21 is a redundant recitation of claim 20, lines 17-21.

4. Claims 10-16 and 20 are allowed.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
